Student Vehicle Color: _____

Student Vehicle License Plate Number: _____

State Registered: _____

Student Phone Number: _____

Parent Name & Phone Number: _____

Decal Number (**Einstein Staff Only**): _____

Off-Campus Parking (Free)

Due to the limited parking on campus, the Einstein School has contracted for parking to be available for Einstein students across the street at the Dr. Pepper Starcenter. The Einstein School provides this option at no cost to students and no decal is necessary. However, vehicle registration with the Einstein School is still required. Students must park in the designated Einstein area (on the westernmost strip of parking spaces), and if a student parks their vehicle across the street, they must contact the front office at (214) 734-6536 to be shuttled to and from campus, preventing the possibility of injury when physically crossing Plano Parkway. Students are prohibited from walking across West Plano Parkway at any time.

On-Campus Parking (\$50.)

Parking on campus is limited and available only with prior registration and a parking decal. Students must submit this registration form to the school along with a copy of the student driver's license, vehicle registration, and \$50.00 fee for the parking decal. It is the student's responsibility to keep up with the parking sticker, and it must be returned to the Einstein School at the end of the school year. A \$50.00 fee will be charged to the student's account for replacement or unreturned parking stickers. Towing is strictly enforced by the landlord and the Einstein School cannot prevent towing or waive any towing fees. Students are responsible for complying with all building parking rules and Einstein policies. **Parking fees may be paid by check, cash, or Venmo to the Einstein School account.**

By signing below, I agree to abide by the Einstein School's and building management's parking lot policies described in the Einstein Parent/Student Handbook, as well as the restrictions posted on signage throughout the parking lots. **I acknowledge that I am responsible for any towing fees that are incurred should a parking infraction occur.** I agree not to share my parking pass with anyone. **I further acknowledge that the Einstein School is not responsible for any damage to my vehicle or losses from my vehicle that may occur while parked on or off campus.**

*If you will be driving multiple vehicles during the school year, you must register each vehicle, but you will not get an additional decal. Only one parking decal will be issued to each student.
