

2021-2022 STUDENT SCHOOL SUPPLY LIST AND CLASS FEES

School supplies required for specific classes are listed below by department and teacher.

Please refer to your student's schedule and check if there is a class listed below that requires specific supplies. If your class is not listed, then no additional supplies are required. Course content is accessed on Canvas and additional school supplies such as notebooks, pencils, pens, markers, etc. are available at the school for student use. Project supplies will be determined at the time of the assignment and teachers will notify parents in advance.

Every student is required to have a device that connects to the internet, preferably a laptop. Students must bring their device and charger with them to school every day. The school does not provide extra chargers or devices at the school for student use. Cell phones are not permitted to be used in place of a laptop/tablet.

Please be aware that the school does not have lockers or storage areas. Students will take their items including backpacks from class to class.

Please email any questions to askeinstein@theeinsteinschool.com

NEW STUDENTS IN FASHION AND TEXTILES

- All class items listed above
- Embroidery Kit ([Click here for link](#))

ROBOTICS

Fee: \$30 per semester / \$60 per school year

TECHNOLOGY RECOMMENDATIONS FOR ALL STUDENTS

Every student is required to have a device that connects to the internet, preferably a laptop. Touch screen devices are not required but recommended for use in various classes, as well as a compatible stylus pen. There is no requirement for the brand of device used, however, we have found Chromebooks to be the most problematic for students. Cell phones are not permitted to be used in place of a laptop/tablet. The school does not provide extra chargers or devices at the school for student use.

For virtual learning students: A second display surface is strongly recommended. Students would then use one screen to watch what the teacher or other students are sharing and one to see their own work. A dedicated personal workspace or desk is recommended located where there is a strong Wifi connection.

Students should use their full name so that they can be identified by the teacher when signing into Zoom. If the name is not recognized, the teacher will not allow the user to enter the Zoom room. If your student remains waiting for entry into the Zoom class, please call the school.

Please refer to the student handbook for Einstein technology policies and requirements. If you have any questions, please email askeinstein@theeinsteinschool.com.
