Student Vehicle Make & Model: _____

Student Vehicle Color: _____

Student Vehicle License Plate Number: _____

State Registered: _____

Student Phone Number: _____

Parent Name & Phone Number: _____

Decal Number (Einstein Staff Only): _____

On-Campus Parking (\$100)

Parking on campus is limited and available only with prior registration and a parking decal. Parking in an adjacent parking lot is not permitted and will subject the vehicle to being towed by its building owners. Students must submit this registration form to the school along with a copy of the student driver's license, vehicle registration, and \$50.00 fee (per semester) for the parking decal. It is the student's responsibility to keep up with this parking sticker. A \$25.00 fee will be charged to the student's account for replacement parking stickers. Towing is strictly enforced by the landlord, and the Einstein School cannot prevent towing or waive any towing fees. Students are responsible for complying with all building parking rules and Einstein policies. Parking in an Einstein visitor, senior, or other reserved parking space without authorization will result in a \$25.00 per day fee.

Parking fees may be paid by check, cash, or Venmo to the Einstein School account.

By signing below, I agree to abide by the Einstein School's and building management's parking lot policies described in the Einstein Parent/Student Handbook, as well as the restrictions posted on signage throughout the parking lot. **I acknowledge that I am responsible for any towing fees that are incurred should a parking infraction occur. I agree not to share my parking pass with anyone. I further acknowledge that the Einstein School is not responsible for any damage to my vehicle or losses from my vehicle that may occur while parked on or off campus.**

*If you will be driving multiple vehicles during the school year, you must register each vehicle, but you will not get an additional decal. Only one parking decal will be issued to each student.
